

Live the design lover's dream: Casa Chafariz

Antique shops, art galleries, fashionable restaurants and the Museum of Antique Arts sit moments from Casa Chafariz – the perfect digs for anyone creative. Wait until you see inside: five stunning apartments spread across four floors, each facing a beautiful square with a view of Chafariz da Esperança, a public fountain built in 1760.

Free Wifi and a fully equipped kitchen make these apartments practical places to stay, some housing up to six people with ease. We adore the exposed wooden beams, marble countertops and clean colour ways – oh so soothing after a day of busy streets and schedules. Just 10 minutes walking will bring you to the heart of Chiado, and you're eight minutes from Praça do Comércio tram stop.
